My Dear Friends,

What is a Friend?

I wish to share with you the first Love-Card Kalindi gave to me in 1987. At that time, Kalindi was referred to as Carol and my name was Gayle. The card is titled "What is a Friend?" and it accompanies a personal letter for me from Carol. Both letter and card reflect the extraordinary natural attraction we had for each other before we even knew of the Divine Destiny bestowed upon us from Lord Gourasana to serve Him and His Mission of God's Love on this earth by breaking the cycle of birth and death, as the people of the Path to Ultimate Freedom are endeavoring, and by becoming freer and freer of binding illusions, as the people of the Freedom Walk Path are endeavoring.

Since the theme of this newsletter is "Brotherhood," I thought it would be wonderful to share with you how it was for us from the beginning and now into Eternity.

In love and friendship,

THE LADY
First Disciple of Kalindi La Gourasana

AUGUST 19, 2021

In July 1985, I participated in a spiritual seminar called Lazarus Training. During the seminar I had a heart-soul, life-altering, profoundly religious experience, which continued on for two weeks after the seminar. I was vibrating with a vision of Light that was surrounding everyone and everything! The day after the seminar, I was sitting with my partner on the outside patio overlooking the ocean in Del Mar, California. He served us pieces of cantaloupe. When I looked at the cantaloupe, I couldn't eat it because it was glistening with Light – everything around me had an aura of Light. So I just slowly sipped my coffee. I could barely eat food for those two weeks, as I felt I was being fed by the experience of a True Love and Light that was not of this world, yet I knew it was surrounding our entire world. I then realized, from direct experience, that this Light and Love was for everyone!

About two and half years later, in the fall of 1987, while deeply meditating with Gourasana and a few others, I happened to open my eyes and saw Gourasana looking at me as I looked into His eyes. I immediately recognized that my post-seminar experience of Love and Light was actually connected to Him! As I was abruptly and profoundly astonished, I continued meditation in awe, as my Destiny was acknowledged.

I am not asking you to believe, I am just sharing my beginning experiences of being with Gourasana.

After the seminar, to keep myself moving forward, I continued to staff the seminar for two and a half years. Then in 1987, during my last six months of staffing, I was present for both Carol and David's seminars. The three of us immediately became best friends and continued to staff together. I think our compatibility and attraction for each other truly surprised us – as, in this world, we were an unlikely combination. But there was a higher purpose that was beginning to be established, which brought us together in deep spiritual partnership. It was truly a joyous, wonderful time for us to be together helping people to discover their connection to love and, for some, even to God. Our coming together was not just a coincidence – it was God-given Destiny and essentially foundational for the beginning of the Lord's Mission on this earth. And, there is a current Destiny now and for many, many more people over these upcoming centuries.

In October 1987, Gourasana came into David for the first time and we each gave up our love of staffing, as a greater purpose was at hand. Each of us then began the journey of surrendering to our Destiny to serve Lord Gourasana and the people of His Mission with our heart, soul, and life.

It is the desire of Lord Gourasana for the people of this earth to develop True Friendship amongst each other. Love will follow. Gourasana has a "Vision for Love" to manifest on this earth amongst people now and for the centuries to come. I do believe that the essentials of love begins with respect as Gourasana spoke,* and a sense of kinship with each other. For Gourasana's desire for Love to become manifest, it must start with each of us now.

PLEASE, do your part. It is not hard to accomplish. Just make a decision and choose to begin with respecting people, having friendship with people, then begin to love people as God loves each one of us.

What the world needs now, and even more desperately into our future,
is

LOVE.

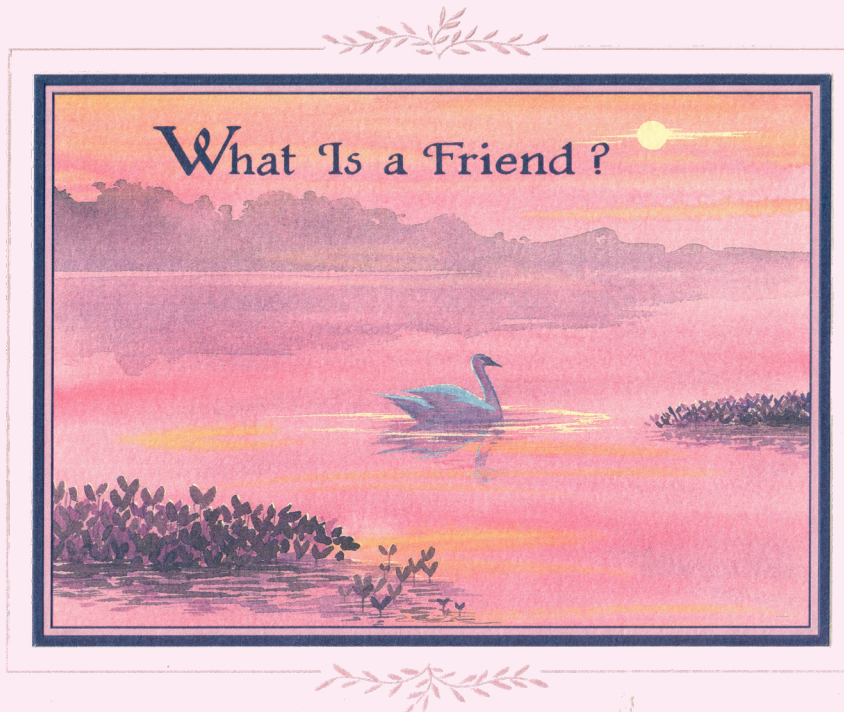

Love is an internal state of God consciousness.

* Everybody deserves
at least respect
and certainly care.
You may not be
able to show LOVE,
but you can at
least show respect
and politeness.

GOURASANA

A friend is one of the nicest things you can have, and one of the best things you can be. A friend is a living treasure, and if you have one, you have one of the most valuable gifts in life.

A friend is the one who will always be beside you, through all the laughter, and through each and every tear. A friend is the one thing you can always rely on; the someone you can always open up to; the one wonderful person who always believes in you in a way that no one else seems to. A friend is a sanctuary. A friend is a smile.

A friend is a hand that is always holding yours, no matter where you are, no matter how close or far apart you may be. A friend is someone who is always there and will always~always~care. A friend is a feeling of forever in the heart.

A friend is the one door that is always open. A friend is the one to whom you can give your key. A friend is one of the nicest things you can have, and one of the best things you can be.

CAROL'S
LETTER TO
GAYLE

1987

I never thought I'd see the day when I would have a true friend, someone I could trust my life to, someone I could share my inside self with no matter if it is dark or light. I think of you always and wonder what you're doing now. It's kind of like a lover. I feel like I have known you always, like you are a part of me and if that part of me was to ever go away I would really crumble. (Please God, not that one too.) Imagine how God must have felt and still does when we became separate!?'¹ I hope you know I am your friend, I always feel I am not giving enough to you and that I am selfish. Please forgive any offense I may have made to you. Aside from Birdie² and Gourasana you are everything to me. (Is this getting too mushy?) In fact, at this point I feel safer with you on one hand. Anyway, I can't wait until we are together in our light bodies³ and we can go to the seminar in that form, then we can really help and we can come and go as we like. Oh well, let's go to the light together Gayle. Ok?

*I love you Gayle,
Carol*

A few notes
about this letter
that Carol wrote
to me . . .

- 1 Meaning when we became separate from God to be in this plane of illusion.
- 2 Carol's love name for David Swanson was Birdie, and David's love name for Carol was Poke.
- 3 Carol refers to the light being form we merge back into when we finally evolve from this plane of existence in a "Full State of Awareness." Gourasana and Kalindi have often mentioned that helping from that reality is Pure Ecstasy, and that we will continue to help humankind for about the next 2000 years.

The only thing people really care about,
truly care about, is the love of God.

The thing they want more than anything is love.
And without that connection to God,
they can't have the feeling of love they really want.

There is nothing greater.

There is nothing more important to each
and every human being than love.

It is everything.
