

Take All of Me

Please take all of me, Lord

The good and the evil,
The caring and the selfish,
The generous and the greedy,
The kind and the mean,
The gentle and the harsh,
The attractive and the ugly,
The controlled and the addicted,
The compassionate and the cruel,
The perfect and the flawed,
The innocent and the shamed.

Please take all of me, Lord,
I want nothing else but You.

The Lady
