
Holy and Magnificent

spoken by Kalindi on February 20, 2006

(Kalindi speaking on how to share about The Lady when inviting people to come be with The Lady in the Intensive that she was leading at that time.)

The Lady! I was just in my bed, and I said, “Oh, my God, The Lady. We have to bring her out.” You know?

One of the two Masters that brought this Seminar to the earth – one is The Lady, and one is Kalindi. Kalindi started it with The Lady, and now The Lady is going to do it again, and she is going to do it ten more times only. And I am going to spend these next years just trying to get people to hear me.

“Please, you have to come. And you have to be in her presence.”

“She’s from God. She’s straight from God. She’s a being that is so pure, and she is like an angel from God. She has power in her from God that helps you to just go inside of yourself and find God. It’s like some magical thing.”

“But she helps you go within and in six days you find your relationship with God.”

Of course, she’s leading people with people – she’s training people to take this over. But she is the creator of it, and she has the full power of God in her.

So we have to get as many people in the world, from all over the world, to get in there and be with her because of the power of God that is inside of her. And what you get just by sitting in the room with her for five minutes, and just to hear her talk – just one sentence – rattles your boots, because you can feel the penetration of God’s words and God’s love and God’s hand, just taking you by the hand within to find Him in your heart.

And the world has to know about this now. The world has to know about The Lady. The world has to know about The Lady. They have to know about her. And in every way that we can do it, we have to advertise The Lady, and we have to speak about The Lady, and we have to do Intros about The Lady – and it's The Lady, it's The Lady, it's The Lady. And they have to come.

The world has to know about The Lady and the power from God that The Lady is. And that you hear one word from her and you feel God taking your hand and guiding you Home within. And as you go within, you start to find the Lord in your heart. People have to get in that room with The Lady.

It's a special time on the earth that The Lady is appearing to the world. And these are the kind of words that have to be said, these words that I am saying. "She's appearing to the world, The Lady."

All of these ways that I have described her is the way people need to talk, and they cannot be afraid of saying it. The people aren't afraid to hear that The Lady is appearing to the world to bring God and His hand, to connect the people to God, the All-Loving Father. And to tell the people, "You've got to get in there. It is more than if you went to Lourdes. You are going to get more healing in your soul and in your mind and in your being, than if you went to one of these mystical healing places. Because she is the hand of the Lord – and she is His touch. And she is His eyes. She is His heart. She is His mood. She's everything of God on this earth. She's everything of God on this earth."

This, the world won't be afraid to hear. The Lady has come here with a special, special love that the world is not afraid of. That is the special love that she has come to this world to give. And this is her time to come out and call to the people. But it's us that have to bring the world to her. She's been brought into this world with a very special love of God that the world will not be afraid to hear.

It doesn't matter how you talk about her, and you need to use all these kinds of words, these big words of God and truth and love and who she is – God's hand, she is God's love, she is God's purity, she is God's power. She is everything of God, she is God's heart, she is His touch – on and on. She is God's most magnificent. She is God's. It is always, "She is God's." And then you say what [of God that she is].

Like, she is God's most magnificent, pure being and Master that has ever touched this earth. She is the most pure being that has ever come to this planet, next to Lord Jesus. If they want to know anything about what it was like to be with Jesus, or even Mother Mary, then they have to go to this Intensive, because that's where they're going to feel the closest thing to that. And she's bringing in the holy truth of God. And it will pierce your heart and it will take you to the love of God. That's who she is.

You can't help but by the end of the Intensive, you will be bowing down to her a million times over – not in worship, but in love and gratitude. Not worship. She isn't here to be worshipped. She is here to show that God is love and that God wants to share love with you and friendship – that God is nothing but love and that God is here now to be with you, to hold you, to walk with you. And that is why she's here now.

She's here to reunite you. She's here to awaken your dormant love of God. She's here to help you to not be afraid of God. She's the Mother; she is the embodiment of the Divine Mother, the most powerful that has ever walked on this earth including the Mother Mary, the Blessed Virgin. She is of that quality. She is of the quality of the one, the Blessed Virgin who brings visions all around the world and healing all around the world. She is of that quality, but she is on the earth in a human body.

And I want that to be said, and I am saying to the world, "Come and be with her and receive the healing that your heart is crying out for. Just come and receive the healing."

And you don't have to pay for airplane tickets and go to Lourdes – of course, you get physical healing [there]. And I am not saying that she does physical healing, but she heals your heart and soul. And she reunites you with the Lord. And with that love of the Lord, you can go the distance that you need to go in this world.

And that's her gift to the world – is that the Father is here to take you, to hold you, to bring you Home. That is the only thing she professes to say to anyone, is that she can take you within to find the Father, to find the Lord in your heart. If you will listen to her guidance, and if you will just follow her words and her touch and just be with her in your depth within your heart, you will meet the Lord in your heart.

And you may not understand her workings, but by the end of six days you will understand her workings. And you will be sitting in the peace and the love of the Lord Almighty.

And it doesn't matter what religion you are or what you call God. You can call God by any name you like. She calls upon the current day Incarnation of God, Lord Gourasana, and she calls on all past Incarnations of God and every saint that's ever lived, because all is God with different faces and different names. Over the course of her life, she has called on every aspect of God. And she has ended up with the Father, the Almighty Father. And that's where she is standing, and her arms are out, calling to you to come. Just come and meet your Father.

So, it's something that the world does not want to miss, anybody at all that is inclined to any type of spirituality or spiritual freedom or going Home or self-realization or God. "What's it all about? Breaking free? Spiritual masters, what are they? What's it all about? Where is God? Who is God? How can I find God? Who is the Blessed Mother? Who is the Divine Mother?" Then you need to come and meet The Lady, and you need to follow her for six days, and in trust and faith you will arrive at the heart of God within your heart, within His heart. It's so important.

And I am telling you, "Come here and find out, because what if I am saying is true?" And it is true. And you will find what I am saying. And then you can go back into your life with so much awareness and so much love and having been in the room with the most holy one that will have ever walked this earth, next to Lord Jesus.

She is the most holy, and she is the most pure, and she is the most trustworthy. There's no one in this world that you can trust more than The Lady. She only cares for you, and she only loves you, and she only wants you to find what it is that your heart has been longing for, for such a long time. I'm telling you only the truth.

And we've been waiting for a long time to bring her out in this way and make her so available. Have trust and have faith and just come. Just come, if for no other reason than someone told you and you have a feeling inside of you that this may be something that you need to do, just because it's an experience you do not want to miss out on. It may be something that is going to change your life for the better, forever.

And she needs to be talked about like that. She can't be talked about as a woman – "this woman that does this seminar." She needs to be talked about as who she is. And then the destiny people can come.

Thank you.
